Treasurer's Report

To the members

I am pleased to provide my report on the 2019 financial statements of the club to you at the 2019 annual general meeting. The statements are for the financial year ended June 30 2019. Our only substantial source of revenue is your annual membership subscriptions. This year these were \$9,305 – just \$15 more than the previous year. The total number of members declined during the year but this was offset by an increase in the membership fee in September 2018. Your committee is very conscious that our membership base is ageing and declining.

Expenses (\$9,558 excluding the Xmas Party) were \$1,408 less than the previous corresponding period as a result of a saving of over \$2,000 in non-recurring website costs, offset mainly by increases in postage (\$360) and the purchase of cloth badges (\$272). The introduction of the ability of members to pay fees by direct credit rather than the more expensive cheque or debit/credit card will provide some small saving in bank fees in future. The facility for activity leaders to lodge participant enrolment forms electronically will help to reduce postage expense.

Our membership fee income is slightly less than our annual recurring expenses, a position which is not sustainable in the longer term. The generally accepted prudential standard level of reserves for an entity such as ours is one year's recurring expense. With cash at bank of \$9,100 we only just meet this standard. In the coming years we must increase membership or fees, or reduce expenses.

Peter Jack

Treasurer
